

Refurbished Unit

Ultrabar 30 DC T4

UHP Water Jetting Unit

£30,000

**Perkins 1204F-E44TA Tier 4 Engine
(122kW/164hp)**

**25lpm at 2500bar
(6.6gpm at 36,000psi)**

Theoretical flow shown, actual flow 10 to 12.5% less at full pressure

Ultrabar 30 crashframe mounted, diesel driven, Ultra High Pressure water jetting unit. Simple to operate & maintain, this is probably the most user friendly UHP unit on the market. Four-cylinder engine makes this unit extremely compact.

Suitable for single or twin gun operation. Applications include surface preparation, descaling, hydro-demolition, heat exchanger / pipe cleaning, vessel cleaning, cold cutting and more.

Dimensions

2.35m long x 1.4m wide x 1.9m high
(93" long x 55" wide x 75" high)

Weight

2,600kg
(5,720lb)

Features

- Ultrabar 30 pump with pressure lubrication & oil cooling
- Integral gearbox & SAE engine adaptor
- Modular pumphead assembly allows easy maintenance & troubleshooting on individual cylinders.
- Solid carbide plungers & self-adjusting seals.
- Transducer for display of discharge pressure & automatic over-pressure shutdown.
- Burst disc assembly
- Perkins 1204F-E44TA, 4-cylinder, Tier 4 engine
- Simple auto-shutdown control panel.
- Automated throttle to reduce engine speed to idle when pump is off-load to reduce noise, water & fuel consumption.
- Pump switches for low inlet pressure, low oil pressure & high oil temperature
- Stainless steel water tank, boost pump & dual filtration
- Four lifting points & two forklift pockets
- Fabrications are grit blasted & powder coated with a zinc rich primer & durable topcoat suitable for use in corrosive environments

History

- Year of Manufacture - 2015
- Hours Operated - 10,000
- Maintained from new by Hughes Pumps LTD
- Pump fully refurbished
- Engine serviced
- New wiring harness & control panel upgrade
- Sold without warranty
